ix. Hostel Facilities

The Institute has magnificently designed separate hostels for boys and girls each with all modern facilities, for boarding and other recreational activities. The hostels have their own mess to provide good and hygienic food to the students. The boys' hostel has the capacity of about 120 boys

(extendable up-to 150) whereas the girls' hostel can house 110 girls (can be extended upto 140). The types of rooms are cubicles and dormitories. Mess is maintained on co-operative basis. Both hostels have common Rooms, Gyms, Badminton Courts, Volleyball ground and facilities for other indoor games.

Architecture

The hostel buildings are remarkable pieces of architecture. The architecture of the hostels is inspired from the traditional design used in places where general climate is very hot. Because of the carefully designed structure the temperature inside the buildings remain comfortable even in extremely hot weather conditions.

Common Rooms

Spacious common rooms are provided in all the hostels, which are a place for constructive activities like indoor games, discussions and get together within the hostel. Indoor games like carom board, chess, table tennis are provided within the hostels. There is a separate Badminton court in both the hostels and sports equipment is provided from the hostel's sports committee.

Rooms

Well furnished and spacious rooms are there for 120 boys and 60 girls each. There are cubical as well as dormitories for the students .Each room is equipped with a bed, a study table, study chair, almirah and an easy chair.

Hostel Committees

Various committees viz cultural, discipline, sports, mess, maintenance have been established to provide opportunities for overall development in their personalities during their stay in the hostel. These clubs serve to organize all the cultural events and other happenings in the hostel.

News and TV Room

The hostel provides the students with daily newspapers and various magazines to make them aware of the daily happenings of the world.

xx. Teaching Learning Process

The teaching-learning process in institute typically follows a structured, outcome-based education (OBE) framework, combining conventional lectures with ICT-enabled tools, experiential learning, and continuous evaluation. Key components include academic calendars, student mentoring (proctoring), remedial classes for slow learners, and industry-aligned internships.

Key Components of the Teaching-Learning Process:

- **Planning & Structure:** Adherence to an academic calendar, lesson planning, and mapping Course Outcomes (COs) to Program Outcomes (POs).
- **Instructional Methods:** A blend of traditional classroom lectures, interactive tutorials, seminars, and laboratory work.
- **ICT Integration:** Use of Learning Management Systems (LMS), LCD projectors, virtual labs, and NPTEL/MOOC courses.
- **Student-Centric Learning:** Promotion of project-based learning, case studies, internships, and industrial visits.
- **Support & Mentoring:** Proctored/mentee systems to monitor academic and personal growth, alongside remedial classes for slow learners.
- **Evaluation & Feedback:** Continuous evaluation through internal assessments, surprise tests, and regular feedback from students, alumni, and employers to update curricula.

Key Pedagogical Shifts:

- **Outcome-Based Education (OBE):** Focus shifts from input to learning outcomes.
- **Blended Learning:** Integrating online tools with face-to-face teaching.
- **Skill Development:** Emphasis on employability through workshops and technical training.
